## MEN'S POLO SHIRTS

A traditional roomy cut gives a generous fit for maximum ease of movement and supreme comfort. The longer sleeve and body lengths provide optimum coverage. Meanwhile, our dry solid polo and dry gravity stripe polo (CGM127 and CGM124) feature an updated look.

## LADIES' POLO SHIRTS

Modern and updated silhouettes provide a streamlined approach to dressing. By tailoring trunk and sleeve proportions to the body, we created a universally flattering fit. Our solid textured poly wicking polo has a longer body length for additional coverage.
